## *White Smoke and Pines*

21 year old Swedish singer/songwriter Ellen Sundberg came to us about a year ago with her music and her wonderful, raw talent. And the forthcoming Israel Nash produced album "White Smoke & Pines" proves that she's here to stay. For a long time!

Ellen Sundberg's first album "Black Raven" was released in August 2013 and that was the beginning of a journey that young Ellen might have dreamt of, but surely didn't expect to happen. "Black Raven" and the first promotional tour got raving reviews. Her first tour outside Sweden was as support act for Israel Nash in Ireland and Israel as well as his band were knocked out by her. As the tour continued their musical understanding and friendship grew deeper. Once Israel Nash was back home in Texas, he reached out and asked - no, demanded - to produce Ellen's next album.

Ellen has never really stopped touring since the release of "Black Raven". She's played the Americana Music Conference in Nashville and SXSW in Austin. The summer of 2014 she and her band

acted as support and back up band for American phenomena Doug Seegers. Together they did over 60 gigs. The tour and the televised documentary about Mr Seegers and the tour, made Ellen Sundberg a household name in Sweden. And Ellen sure impressed Doug Seegers: "I think Ellen is

a magnificent talent for her age of only 21. Her songs are totally original and incredibly soothing. It amazes me how a girl so young can be so gifted. Her music is a true blessing."

Early 2014, Ellen flew to Texas to spend some time at Israel Nash's ranch, in Hill Country right outside Austin. The Grammy awarded engineer Ted Young (Rolling Stones, Kurt Vile, Israel Nash) set up his recording equipment in Israel's living room. Ellen brought a bunch of new, amazing songs and Israel Nash called in his band. And the magic begun. [\[read more...\]](#)
